

# Your Baby at 9 Months <sup>★</sup>

Child's Name \_\_\_\_\_

Child's Age \_\_\_\_\_

Today's Date \_\_\_\_\_

Milestones matter! How your child plays, learns, speaks, acts, and moves offers important clues about his or her development. Check the milestones your child has reached by 9 months. Take this with you and talk with your child's doctor at every well-child visit about the milestones your child has reached and what to expect next.

## What Most Babies Do by this Age:

### Social/Emotional

- May be afraid of strangers
- May be clingy with familiar adults
- Has favorite toys

### Language/Communication

- Understands "no"
- Makes a lot of different sounds like "mamamama" and "bababababa"
- Copies sounds and gestures of others
- Uses fingers to point at things

### Cognitive (learning, thinking, problem-solving)

- Watches the path of something as it falls
- Looks for things he sees you hide
- Plays peek-a-boo
- Puts things in her mouth
- Moves things smoothly from one hand to the other
- Picks up things like cereal o's between thumb and index finger

### Movement/Physical Development

- Stands, holding on
- Can get into sitting position
- Sits without support
- Pulls to stand
- Crawls

## You Know Your Child Best.

Act early if you have concerns about the way your child plays, learns, speaks, acts, or moves, or if your child:

- Is missing milestones
- Doesn't bear weight on legs with support
- Doesn't sit with help
- Doesn't babble ("mama", "baba", "dada")
- Doesn't play any games involving back-and-forth play
- Doesn't respond to own name
- Doesn't seem to recognize familiar people
- Doesn't look where you point
- Doesn't transfer toys from one hand to the other

**Tell your child's doctor or nurse if you notice any of these signs of possible developmental delay and ask for a developmental screening.**

If you or the doctor is still concerned

1. Ask for a referral to a specialist and,
2. Call your state or territory's early intervention program to find out if your child can get services to help. Learn more and find the number at [cdc.gov/FindEI](http://cdc.gov/FindEI).

For more information, go to [cdc.gov/Concerned](http://cdc.gov/Concerned).

**DON'T WAIT.**  
**Acting early can make a real difference!**

### ★ It's time for developmental screening!

At 9 months, your child is due for general developmental screening, as recommended for all children by the American Academy of Pediatrics. Ask the doctor about your child's developmental screening.
